

Travel guide to St Gregory's High School

Cromwell Ave
Great Sankey
Warrington
WA5 1HG

Your journey to school

We are encouraging everyone at our school to think about the way they travel. By **walking** or **cycling** our school community can help reduce the number of vehicles on the road. Plus, this will reduce the congestion outside our school and surrounding areas especially during the school start and finish times. It will make travelling in our local area safer and healthier for all of us.

Public Transport

Travelling by **bus** or **train** is a great way to get to school independently. It is also good for the environment as a full bus can take up to 40 cars off the road, meaning there is less pollution and congestion. To see the range of tickets available to you, plan your journey and view live public transport information, visit warrington.gov.uk/buses or Warrington's Own Buses warringtonsbuses.co.uk. For train information, visit nationalrail.co.uk

Check out your daily travel options and enjoy your journey to school!

Walking and cycling

Walking and cycling to school are the simplest and best ways to travel and reduce time spent stuck in the car. It also gives you your independence and is suitable for all ages and fitness levels. Please pay attention to what is happening around you and don't get distracted by friends, phones or headphones.

Walking

Walking is a great way to exercise and if you have had a hard busy day at school, walking home can help you relax. Walking to and from school with friends also gives you time to chat and socialise.

Cycling

Cycling is a fun and quick way to get to school. Ride independently or with a friend to make the journey even more enjoyable. Make sure you have a lock with you. Always wear a helmet, and use bike lights when it's dark, to help keep yourself safe and visible.

Warrington Borough Council in partnership with Bikeright offer Bikeability cycle training to all year 7 & 8 students. Use the map to see what low and traffic-free routes are available on your route to school, or visit warrington.gov.uk/cycling. Here you can also find more information about the cycle training we offer or ask your school for further details.

Park and Stride

Many students live within the 10 and 15 minute walking zones as highlighted on this map. If you live outside these zones, then consider being dropped off and picked up at a Park and Stride area or a friend's house who lives within the zones and walk in from there.
