Curriculum intent:

Our aim is to ensure that learning a foreign language incites interest and excitement in every child, opens up pupil's minds and liberates them from insularity. This promotes our Catholic ethos, fostering a passion for and appreciation of other peoples, cultures and literature, within socio-historical and geographical contexts. It also improves overall literacy and communication skills, both verbal and written in the target language and English. As a result, pupils are very well equipped with the skills, vocabulary and grammatical understanding needed to learn any new foreign languages in the future, as the opportunity arises.
