

Music

Archdiocese of Liverpool

Curriculum intent:

Music is a universal language that embodies one of the highest forms of creativity. A high-quality music education should engage and inspire pupils to develop a love of music and their talent as musicians, and so increase their self-confidence, creativity and sense of achievement. As pupils progress, they should develop a critical engagement with music, allowing them to compose, and to listen with discrimination to the best in the musical canon. The school's Catholic ethos is at the forefront of what we do and we develop pupils' spirituality through the use of music for liturgy, contributing to whole school Masses and events.

Year 9
