Dear Parents/Carers

Your child is undertaking their rotation in Food and Nutrition. During this rotation your child will have the opportunity to take part in several practical lessons.

Over the past 3 years (after conducting a parent survey) we have changed how we run the food course and currently ask parents for a small, weekly, voluntary contributions for basic ingredients. This has proved very successful in reducing the stress and worries for pupils trying to remember a wide range of ingredients. It has also meant that all pupils have taken part in every practical lesson.

We would now like to formalise this system with the aim of further reducing stress and pressure on families by asking for a one-off payment at the start of the term. We are requesting a voluntary contribution of £4.50 which should be paid via the payment app. This payment will cover all basic ingredients.

Pupils will still be required to bring all other (non basic) ingredients necessary to make their product.

If this presents any difficulties, please do not hesitate to contact myself or your child's Pupil Progress Manager.

I would like to take this opportunity to thank you for your continued support.

Yours sincerely

E Cross
